NAILING STRIP ON BOTTOM

Wainscot Cap

ORDERING

SKU	COLOR
SCAS60272	Gray
SCAS60282	Charcoal
SCAS60292	Ivory
SCAS60302	Sandstone

SPECIFICATIONS

UOM	**Each**
Weight	**8**
Pcs / Box	**8**
Weight / Box	**64**
Boxes / Pallet	**28**

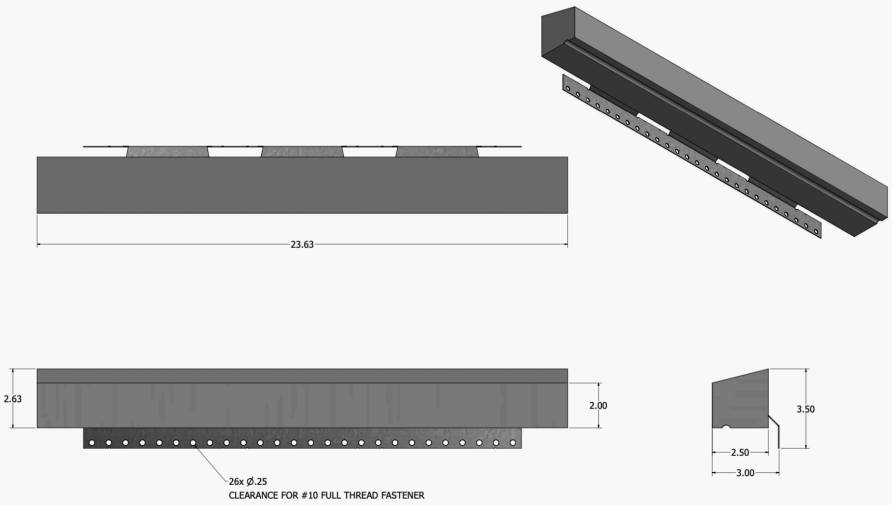

COLOR PAIRINGS

STONE COLOR	COMPLEMENT	CONTRAST
Aspen	Gray	Ivory / Charcoal
Highland	Gray / Sandstone	Ivory
Redwood	Gray / Sandstone	Ivory
Glacier	Ivory	Charcoal
Yukon	Charcoal	Ivory

APPLICATION

Installed where there isn't room for the nailing strip on top such as under windows. These are installed before the stone panels and then the panels are cut to height and slid in under the wainscot cap.

UTILITY BLOCKS

Single Receptacle Block

ORDERING

SKU	COLOR
SCAS75271	Gray
SCAS75281	Charcoal
SCAS75291	Ivory
SCAS75301	Sandstone

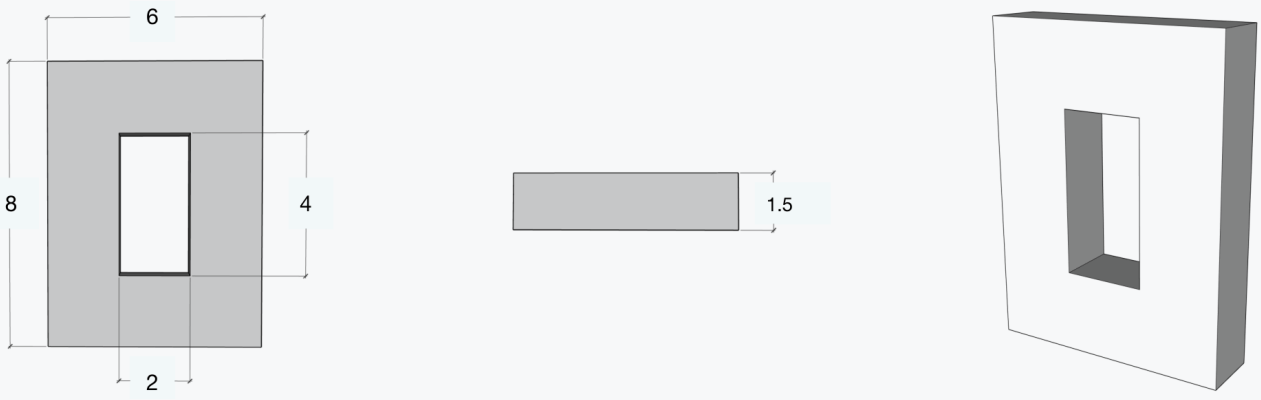

SPECIFICATIONS

UOM	**Each**
Weight	**2.8**
Pcs / Box	**24**
Weight / Box	**68**

APPLICATION

With all of the Utility Blocks, it's important during installation to make sure the back of the block is flush with the back of the panel. If you adhere the block to the wall, it will be recessed too much into the stone on the wall.

HEARTH

Hearthstones

ORDERING

SKU	COLOR
SCAS70270	Gray
SCAS70280	Charcoal
SCAS70290	Ivory
SCAS70300	Sandstone

SPECIFICATIONS

UOM	**Each**
Weight	**40**
Pcs / Box	**40**
Weight / Crate	**1600**

APPLICATION

The nominal dimensions of our Hearthstones are 20″ x 20″ x 2″. Because of the texture and the molds, there is some slight variance. It's best to install these into a bed of mortar and then use a level to level each piece ensuring it's at the same elevation as the rest of the hearthstones.

COLUMNS

Column Kit

ORDERING

SKU	KIT	WEIGHT / KIT
SCAS-CK53-005	Cliff Ledge Column Kit	230
SCAS-CK50-010	Ridge Cut Column Kit	230

DESCRIPTION

The total kit weight is 230#. When ordering a column kit, the post size, stone selection, and cap color need to be specified.

> Also note that the center of the post should be set back from the edge of the surface by at least 10″. Our columns are 18.5″ x 18.5″ — if the setback is less than 10″, the column will protrude beyond the edge of the deck surface.

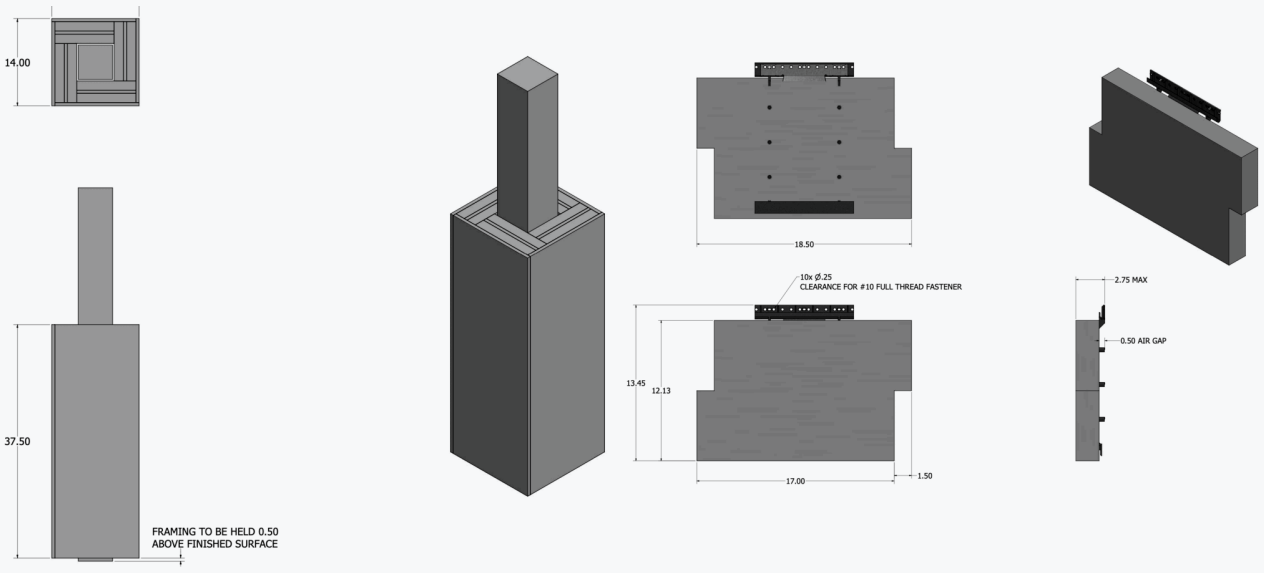

POST SIZES AVAILABLE

- 4×4
- 6×6 (same framing – different cap)
- 8×8

KIT INCLUDES

- Zip Board Framing
- 30′ Roll Zip Tape
- 12 – 7″ screws
- 4 – Starter Strip (12″ each)
- 12 – Stone Panels
- Pre-Cut Cap

DIMENSIONAL DRAWING

COLUMNS

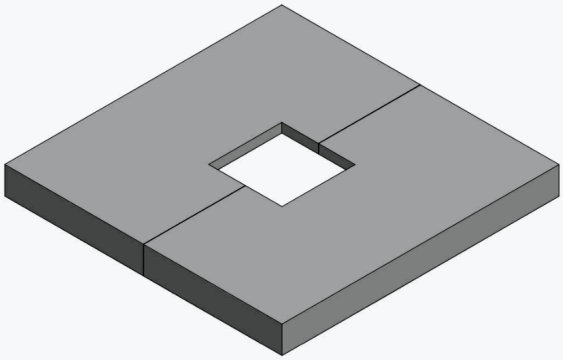

Pre-Cut Column Cap

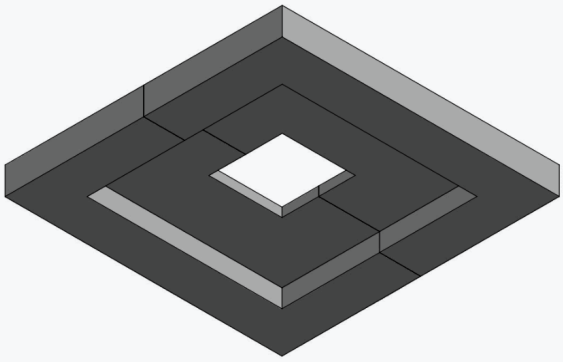

DESCRIPTION

The outside dimensions of the pre-cut cap are all the same for all sizes. The flat surface has an OD of 22″ with the texture reaching just beyond that as seen on the measurements below. The cutout (for the post) is the only thing that changes. The cap is available in all four accessory colors.

ACCESSORIES

Affinity Starter Strip

ORDERING

SKU	COLOR	DESCRIPTION	LENGTH	UOM	WEIGHT
5213-CE00130	Black	2.25″ x 120″	120″	Each	1.4

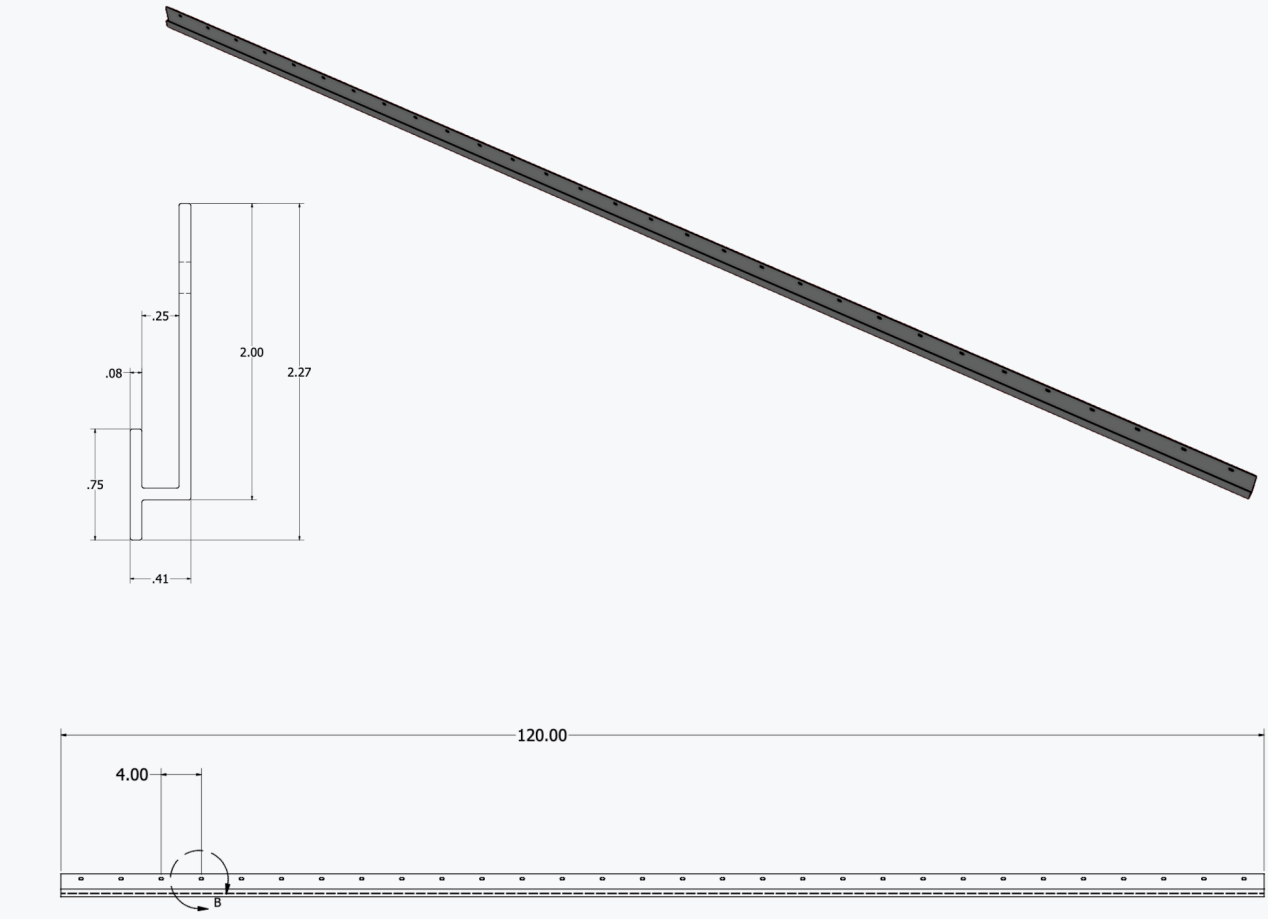

SPECIFICATIONS

Pcs / Box	**25**
Weight / Box	**34**
Boxes / Pallet	**36**
Weight / Pallet INCL. PACKAGING CRATE	**1402**

DESCRIPTION

The function of the starter strip is to hold the bottom of the stone panel on the first course tight to the wall. It is non-load bearing. The nailing strip at the top of the stone panel bears the weight of the stone.
