AFFINITY
STONE SIDING

TOUCH-UP COLOR GUIDE

Cut an Affinity panel on the job? Hide the fresh edge with a matching textured spray paint and textured caulk. Find your stone color at right for the recommended match.

WORKS WITH

Ridge Cut & Cliff Ledge panels, column kits and corners

STONE COLOR	SPRAY PAINT Rust-Oleum® Multicolor Textured	CAULK Sashco Mor-Flexx® Textured
 **ASPEN**	 Aged Iron	 Gray
 **GLACIER**	 Caribbean Sand	 White
 **HIGHLAND**	 Desert Bisque	 Beige / Gray
 **REDWOOD**	 Rustic Umber	 Beige / Ironstone
 **YUKON**	 Aged Iron	 Charcoal

01
Clean the cut
Brush off dust so paint and caulk bond.

02
Caulk the gaps
Fill seams at corners, trim and cut ends.

03
Mist to blend
Light passes; mix colors to match the stone.

Suggested matches only; stone color varies piece to piece, so more than one color may be used on a single panel. Rust-Oleum® is a registered trademark of Rust-Oleum Corp. Mor-Flexx® is a registered trademark of Sashco, Inc. Affinity Stone is a product of Stone Creek Products and is not affiliated with or endorsed by either company.
